**Comments:**

Summary: Water is accessible for this rezoning boundary. The proposed rezoning has the potential to significantly impact the capacity of the local sanitary sewer collection system. It is recommended that the applicant contact the Charlotte Water New Services group for further information and to discuss options regarding sanitary sewer system capacity.

Charlotte Water has accessible water system infrastructure for the rezoning boundary via an existing 12-inch water distribution main located along East Independence Boulevard and an existing 8-inch water distribution main located along Wallace Road.

Charlotte Water has sanitary sewer system infrastructure accessible for the rezoning boundary via an existing 8-inch gravity sewer main located along East Independence Boulevard, an existing 8-inch gravity sewer main located along Wallace Road, and an existing 8-inch gravity sewer main located along Dwight Street.

Development is encouraged to contact Installation Development Services at (704) 336-5499 to review service connection design requirements and City Ordinances (e.g., backflow, separate meter Ordinance, public/private pipeline extensions). Comments: Submit application to the Capacity Assurance Program. Has direct access to water/sewer. Contact our New Services Department for water/sewer services. Contact our Donated Projects Department about relocating water/sewer infrastructure along Wallace Road.

Reservation of sanitary sewer system capacity through the Charlotte Water's Capacity Assurance Program is the responsibility of the customer/development. Contact the New Services Group at (704) 432-2854 for further information on reserving capacity up to 24 months.

This sheet indicates the findings of a cursory review of Utilities System Information for the presence or absence of public water or wastewater infrastructure only. The findings do not imply available capacity

in water and sanitary sewer lines, pump stations, or treatment facilities. Reservation of capacity is achieved through the Charlotte Water's Capacity Assurance Program.
