Petition No: 2019-105

IMPACT UNDER CURRENT ZONING

Number of housing units allowed under current zoning: The existing R-4 zoning would allow single family detached dwellings. The approximately 5.14 acres zoned would allow approximately 20 dwelling units.

The subject property is vacant.

Number of students potentially generated under current zoning: 10 student(s) (5 elementary, 2 middle, 3 high).

IMPACT OF THE PROPOSED DEVELOPMENT

Proposed Housing Units: The conditional rezoning NS district request seeks to allow 84 residential unit condos.

CMS Planning Group: North

Average Student Yield per Unit: 0.2977

This development may add 25 student(s) to the schools in this area.

The following data is as of 20th Day of the 2018-19 school year.

The total estimated capital cost of providing the additional school capacity for this new development is \$812,000; calculated as follows:

Elementary School: **20**x \$34,000 = \$680,000

High School: **3**x \$44,000 = \$132,000

RECOMMENDATION

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about a rezoning case where school utilization exceeds 100% since the proposed development may exacerbate the situation. Approval of this petition may increase overcrowding and/or reliance upon mobile classrooms at the school(s) listed above.

Applicants are encouraged to contact us in advance of their project submittals to inform CMS of their prospective impacts and discuss mitigation alternatives.

In this planning area, the projected increase in students from approved rezonings from October 2016 to present is 857 students.
