- Adequately define the uses
- Develop standards to minimize adverse impacts to nearby residential areas and,
- Provide more flexibility to businesses

Nightclub is defined as:

Any commercial establishment serving alcoholic beverages and providing entertainment for patrons including bars, lounges, and cabarets.

Restaurant is defined as:

An establishment designed, in whole or in part, to accommodate the consumption of food and/or beverages.

■ GOAL ■

Charlotte will continue to be one of the most livable cities in the country, with a vibrant economy, a thriving natural environment, a diverse population and a cosmopolitan outlook. Charlotteans will enjoy a range of choices for housing, transportation, education, entertainment and employment. Safe and attractive neighborhoods will continue to be central to the City's identity and citizen involvement key to its viability.

Charlotte's skyline today is representative of the vibrant development in all of Mecklenburg County.

Centers, Corridors and Wedges Framework

Guiding Principles

1. High-quality, context-sensitive community design
2. Protection of established neighborhoods
3. Residential opportunities to accommodate a diverse population in quality and livable neighborhoods
4. Diligent consideration of environmental benefits and impacts
5. A healthy and flourishing tree canopy
6. More walkable places with a variety of activities
7. A diverse, growing and adaptable economy
8. Revitalization of economically challenged business and residential areas
9. Enhanced transportation networks for pedestrians, cyclists, motorists, and transit users
10. Efficient and coordinated investment in infrastructure that keeps pace with existing and future development

Highlights of Proposed Changes

- **Creates new name for uses as Eating, Drinking, and Entertainment Establishments (EDEE)**
- **Creates two types of EDEE:**
 - **Type 1:** An establishment where food is prepared and beverages may be provided, excluding alcohol. Indoor and outdoor entertainment may be provided.
 - **Type 2:** An establishment where any alcohol is consumed, food and other beverages are optional, and entertainment may be provided, including outdoor entertainment.

Highlights of Proposed Changes

- Defines Entertainment as any activity or game that is live, broadcast, or recorded, including, but not limited to, dancing, music, theater or comedy performance, sporting event, trivia game, or game of skill or chance.
- Defines Outdoor entertainment as any activity or game that is live, broadcast, or recorded, including dancing, music, theater or comedy performance, sporting event, trivia game, or game of skill or chance which occurs on the premises of, but outside, an EDEE. Entertainment occurs outdoors when it is outside a permanent enclosed area, contained by permanent walls and a permanent roof of the establishment.
- Defines Outdoor seating/activity area as any area outside the permanent building, including without limitation, patios, decks, rooftops, open areas, or parking lots where food or beverages are consumed or entertainment takes place.

Highlights of Proposed Changes

- Reduces the **separation requirements for these uses by using proximity to a vacant lot or single family dwelling** when either is located in a **single family zoning district**.
- Creates **consistent separation distances** for urban districts (MUDD, UMUD, PED, TOD and TS)

CAG Issues and Concerns

May 30, 2013

1. Definition of Entertainment too broad

- Allow Unamplified Televisions & Music
- Staff is not recommending a change

2. No Separation

- Determine if there should be a separation if the activity is completely contained inside
- Staff is not recommending a change (no separation if there is no outdoor activity)

3. Impact on Existing Uses

- How to address if use can't meet proposed standards and how to continue to protect residential areas
- Staff is recommending the following

Recommendations

- Business establishments that would have met the definition of a **Type 2 EDEE as of 1-1-13**, and that have an **outdoor seating/activity area located within the required separation distances** required by this section, and that **provide entertainment between the hours of 11 p.m. and 6:00 a.m.**, are **exempt** from meeting the separation distance requirement if **either of the following apply to that business**:
 - (a) An Eating, Drinking, and Entertainment Establishment abuts a public right-of-way **that is 60' or greater in width**.
 - (b) An existing commercial building (either on- or off-premise) **is located between the outdoor seating/activity area, and a vacant lot or a single family dwelling use when either is located in a single family zoning district**.

- The Planning Director, or her or his designee, is authorized to certify if a business is in compliance with Section 12.546(3) as of the applicable date and to establish the process and requirements of such certification. Businesses eligible for the exemption provided in Section 12.546(3) shall not expand the scope or location of outdoor entertainment provided on January 1, 2013 without prior authorization of the Planning Director or her or his designee.
- All other federal, state, and local regulations shall be met, including the development and urban design standards of the zoning district in which the use is located.
- Any use exempt under Section 12.546(3)(a) or (b) that is visibly discontinued for 12 consecutive months shall not be re-established or resumed, and any subsequent use of the land or structure shall conform to the requirements of these regulations.
