Subject: Rezoning 2006-002 (Providence Country Club)

The Engineering and Property Management Department, Land Development Division has reviewed the site plan submitted in connection with the subject rezoning petition and have the following comment(s):

Add note to rezoning Petition 2006-002:

“The petitioner acknowledges that other standard development requirements imposed by other city ordinances, standards, policies, and appropriate design manuals will exist. Those criteria, (for example those that regulate streets, sidewalks, trees, stormwater, and site development, etc.) will apply to the development site. Conditions set forth in this petition are supplemental requirements imposed on the development in addition to other standards. Where conditions on this plan differ from ordinances, standards, policies, and approaches in existence at the time of formal engineering plan review submission the stricter condition or existing requirements shall apply.”

Thank you for the opportunity to comment,

Susan Tolan
