**Email:** bhorton@charlottenc.gov  
**Attachments:** Waiting Pad Detail

**I. SUMMARY REMARKS:**

The Petitioner is requested to provide and construct a concrete waiting pad for the existing bus stop along North Davidson Street. The location of the pad may move farther south to avoid a stopped bus blocking the intersection of 16<sup>th</sup> Street. The pad should be spaced midway between existing street trees within the existing planting strip and aligned with existing sidewalk concrete panels. Below is an image of the standard detail (60.01B) for the requested bus stop pad.

The site plan may either show the conceptual location of the improved bus stop on North Davidson Street, or alternatively, include a development note to locate the bus stop pad during the development review and permitting process.

Please contact me if there are any questions relative to this request. Thank you.
