**I. SUMMARY REMARKS:**

The Petitioner is requested to provide and construct a concrete bus stop pad within the proposed planting strip near side of the proposed pedestrian crossing of Randolph Road. This request will accommodate a relocated bus stop closer to the proposed retail uses.

Below is an image of the standard detail (60.01B) for the requested concrete pad. The site plan may either show the conceptual location of the improved bus stop on Randolph Road, or alternatively, include a development note to locate the bus stop pad during the development review and permitting process.

Please contact me if there are any questions related to this request. Thank you.
