

---

**LOCAL HISTORIC DISTRICT:** Dilworth

**PROPERTY ADDRESS:** 2124 Park Road

**SUMMARY OF REQUEST:** Window replacement

**APPLICANT:** Luke King

---

The application was continued for more information on window replacement.

**Details of Proposed Request**

*Existing Conditions*

The existing structure is a 1.5 story brick bungalow constructed in 1920 and listed as a contributing structure in the Dilworth National Register of Historic Places. A stop work order was issued due to window removal.

*Project*

Windows on the right and left side have been removed and openings changed. New windows are proposed to match existing in muntin pattern and dimensions. A full size window sample will be available at the hearing.

**Design Guidelines-Trim, page 4.11**

1. Repair rather than replace existing historic trim, matching original materials, details and profiles.
2. Match deteriorated trim with new trim to match as closely as possible in material, details and profiles. Do not remove elements that are part of the original design of the structure without replacing them in-kind.
3. Replace missing trim based on physical evidence. Do not replace original trim with material that conveys a different period of construction or architectural style.
4. Avoid using substitute materials such as fiberglass, composites, and PVC type products when repairing or replacing historic wood elements.

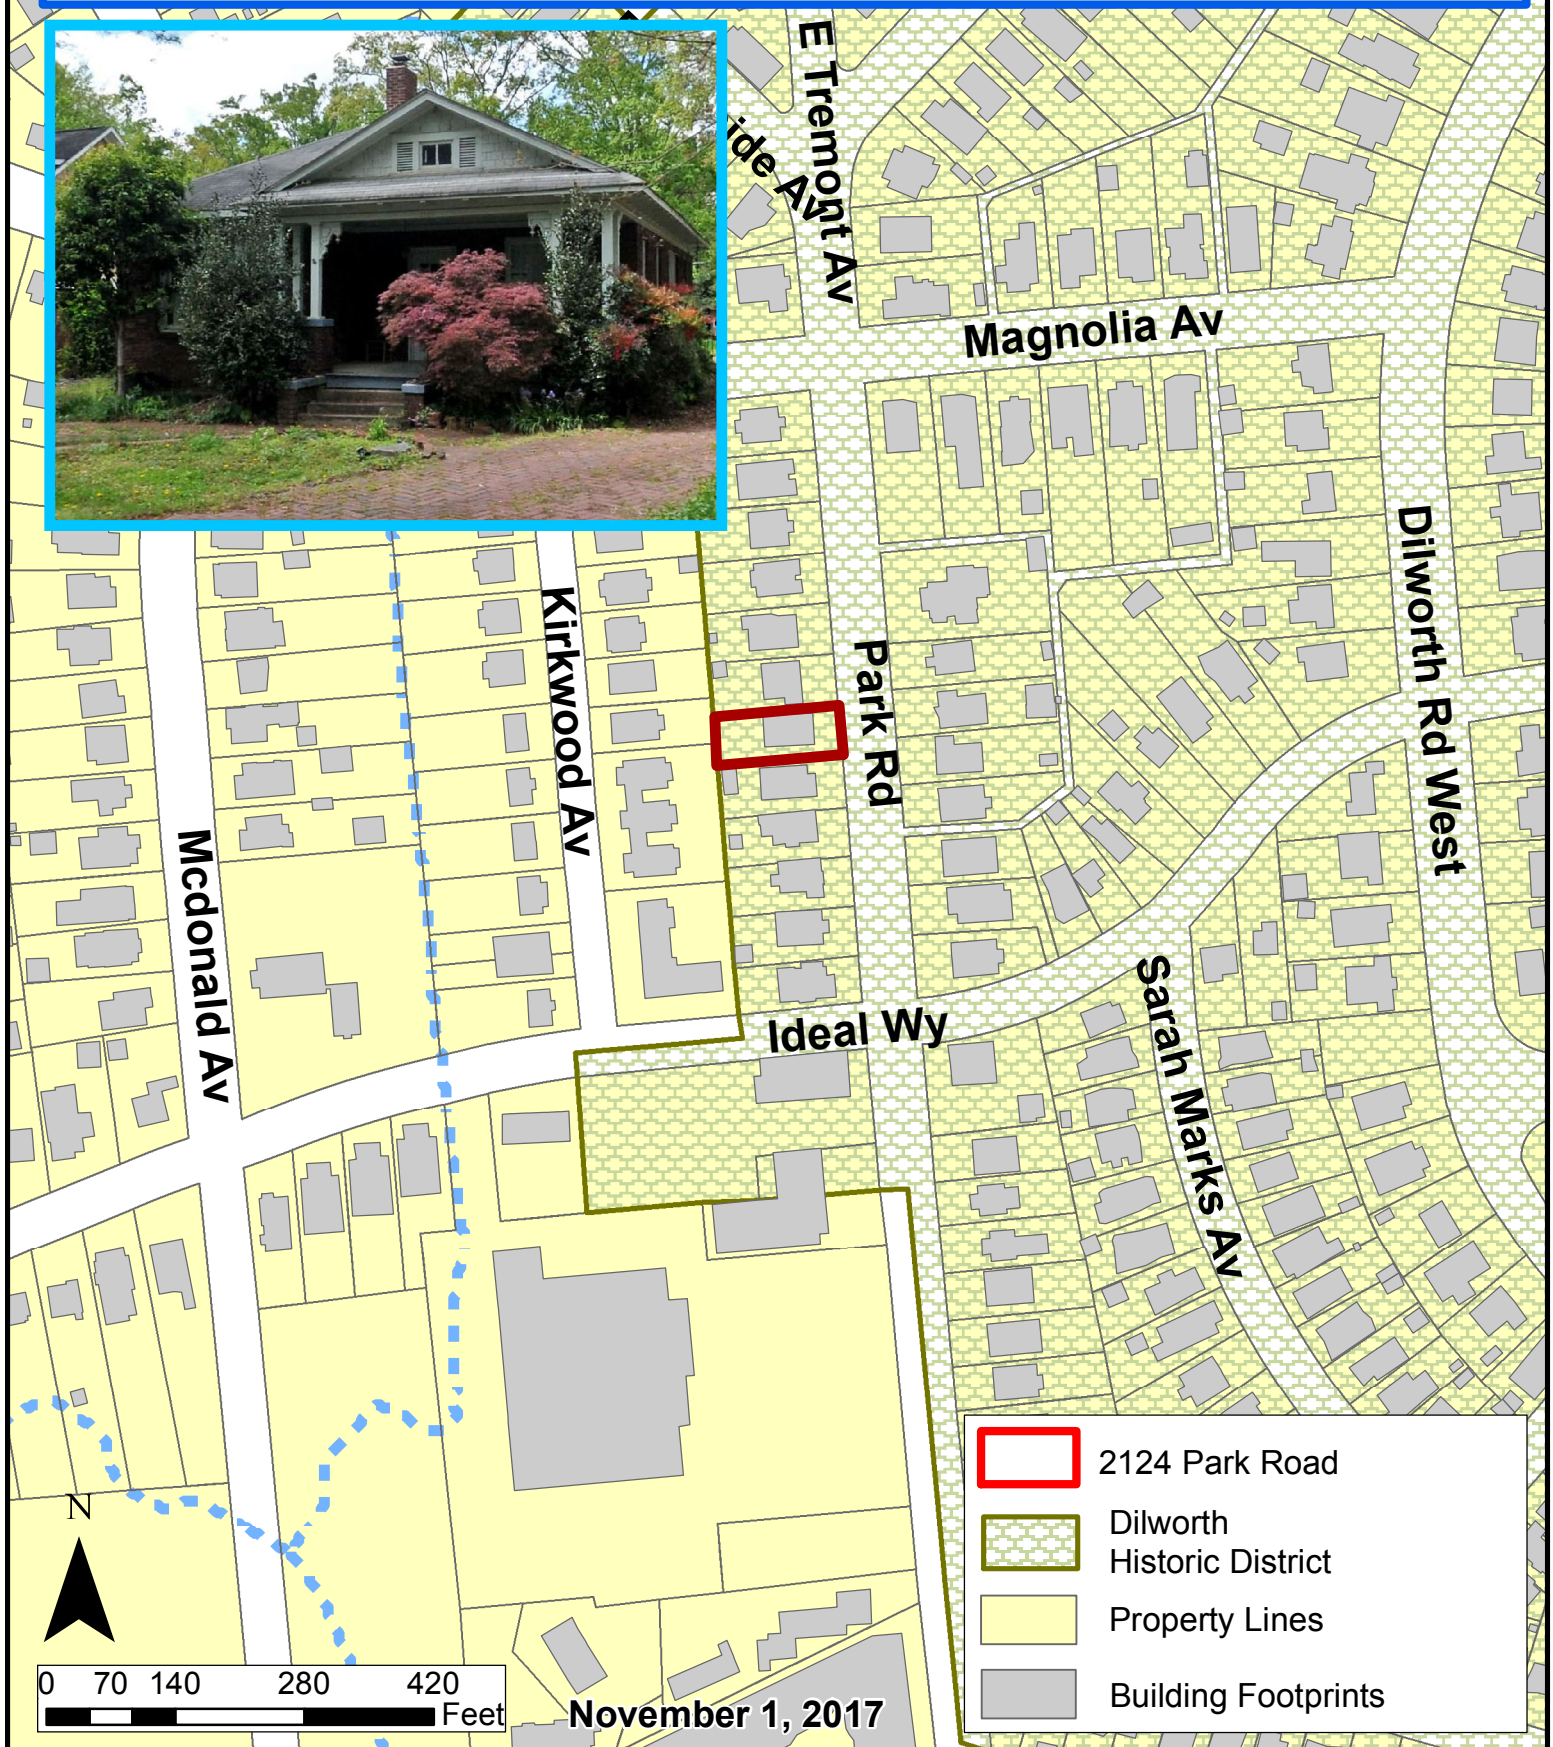

**Design Guidelines –Replacement Windows, page 4.14**

18. Give depth and profile to windows by using true divided lights, or three-part simulated divided lights with integral spacer bars and interior and exterior fixed muntins. Small variations such as the width and depth of the muntin and sash may be permitted if those variations do not significantly impact the historic characteristics of the window design. Clip-in/false muntins, flat muntins and removable external grilles are not allowed.
19. Replace a wood window with a wood window when possible. Wood-resin composite, aluminum clad wood, or fiberglass windows that meet these guidelines may be considered on a case by-case basis. Requests for vinyl windows must be reviewed by the full Historic District Commission.

**Staff Analysis** - The Commission will determine if the proposed replacement windows and trim meet the guidelines.

**THIS APPLICATION WAS  
CONTINUED FOR MORE  
INFORMATION ON WINDOW  
REPLACEMENT.**
