Mr. Grant,

Thank you for accepting our invitation. Please note however that the meeting starts at 6:00pm, not 8:00pm. I will put you on the agenda between 6:15pm and 6:30pm this way you won't have to sit through the entire meeting listening to things that may not be of interest to you. Again, thank you for making yourself available to our community.

Regards,

Francene V. Greene

Thank you Mr. Brennan,

It is my understanding the practice will be a general family practice and later to include a pediatrics department. A two-story building is planed, consisting of six thousand square feet per floor. The property is presently zoned for medical clinic that will allow nine thousand and seven hundred square feet. The zoning request is to allow a building size of (12,000) square feet.

If we can offer any additional information, please advice.

Dear Mr. Grant,

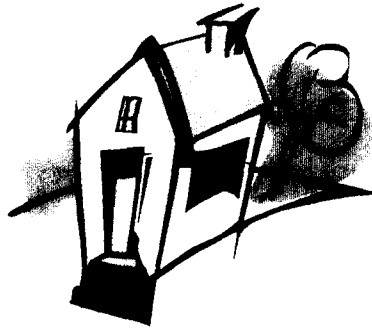

Could you please let me know more about the type of medical practice that is being proposed for this site? We will be having a neighborhood meeting soon and I would like to be able to report accurately about the proposed building.
