600 East Fourth Street
Charlotte, North Carolina 28202

Re: Rezoning Petition 2007-099
Approximately 1.10 acres located on the northwest corner of Euclid
Avenue and E Tremont Avenue

Dear Mr. Fortune:

Representatives of the Air Quality (MCAQ), Groundwater & Wastewater Services (MCGWS), Solid Waste (MCSW), Storm Water Services (MCSWS), and Water Quality (MCWQ) Programs of the Mecklenburg County Land Use and Environmental Services Agency (LUESA) have reviewed the above referenced rezoning petition. In order for the Mecklenburg County LUESA to support this rezoning, the following recommendations should be implemented and appear as notes or modifications on site plans:

Air Quality

Development of this site may require submission of an asbestos Notification of Demolition and Renovation to MCAQ due to possible demolition or renovation of an existing structure. A letter of notification and the required forms will be mailed directly to the petitioner by MCAQ.

Groundwater & Wastewater Services

Due to the age of buildings at this site (constructed between 1900 and 1905) it is possible underground home heating oil storage tanks are present. Removal and proper disposal of petroleum storage tanks must be done per North Carolina Department of Environment and Natural Resources requirements. Contact the Mooresville Regional Office at 704 663-1699 for further information.

This time frame is also indicative of the potential for water supply wells. A local groundwater ordinance that addresses the installation, repair and abandonment of wells (including monitoring wells) was effective January 2005. The Mecklenburg County Groundwater & Wastewater Services Program should be contacted at 704-336-5500 prior to any installation or abandonment of wells on this property to ensure compliance with these regulations. Abandonment of wells discovered during the development process

should be done in accordance with the Mecklenburg County Groundwater Well Regulations and North Carolina's 15A NCAC 2C Rule .0133 – "Abandonment of Wells".

Solid Waste

Mecklenburg County Solid Waste requests the petitioner submit a Solid Waste Management Plan prior to initiating demolition and/or construction activities to include, at a minimum, the procedures that will be used to recycle all clean wood, metal, and concrete generated during demolition and construction activities. The Plan shall specify that monthly reporting of all tonnage disposed and recycled will be made to the Mecklenburg County Solid Waste Program. The report shall include the identification and location of facilities receiving disposed or recycled materials.

Mecklenburg County is committed to reduction of construction/demolition waste. Technical assistance is available at no charge to those companies willing to partner with the County in this effort. Please contact Diane Davis at (704) 432-0399 for more information regarding the County's technical assistance services.

Storm Water

No Comment.

Water Quality

No Comment.

Please contact the staff members who conducted the reviews if you have any questions. The reviews were conducted by, Leslie Rhodes (Leslie.Rhodes@mecklenburgcountync.gov) with MCAQ, Jack Stutts (Jack.Stutts@mecklenburgcountync.gov) with GWS, Joe Hack (Joe.Hack@mecklenburgcountync.gov) with MCSW, Bill Tingle (Bill.Tingle@mecklenburgcountync.gov) with MCSWS, and Rusty Rozzelle (Rusty.Rozzelle@mecklenburgcountync.gov) with the MCWQ.

Respectfully,

Heidi Pruess
Environmental Policy Administrator
