

ENGINEERING AND PROPERTY MANAGEMENT DEPARTMENT

MEMORANDUM

Date: October 18, 2007
To: Keith MacVean
Planning Commission
From: Alice Christenbury
Land Development Services
Subject: Rezoning Petition No. 2007-152, 700 E. Morehead Street

General Site Plan Requirements

The EPM Land Development Services Division has reviewed the site plan submitted in connection with the subject rezoning petition and has the following comment.

- Add the following note to the rezoning site plan and/or related rezoning documents:
"The petitioner acknowledges that other standard development requirements imposed by other city ordinances, standards, policies, and appropriate design manuals will exist. Those criteria (for example, those that require buffers, regulate streets, sidewalks, trees, stormwater, and site development, etc.), will apply to the development site. This includes chapters 6, 9, 12, 17, 18, 19, 20, and 21 of the city code. Conditions set forth in this petition are supplemental requirements imposed on the development in addition to other standards. Where conditions on this plan differ from ordinances, standards, policies, and approaches in existence at the time of formal engineering plan review submission, the stricter condition or existing requirements shall apply."
- A tree survey of the right of way is required with the rezoning petition for urban commercial sites. Trees and their root zones, must be protected during construction. Contact City Arborist at 704-336-4262.
- Place additional review comments here.
- 5% of the site must be green space for tree planting, in addition to the street tree requirements. Site must comply with the tree ordinance.
- We request that any revisions or changes be submitted to the Land Development Division.
- After zoning approval, pre-submittal meetings are available to discuss specific requirements.

Should you need additional information, contact Mark Styers at (704)336-4335.

CC: Site Inspector Mark Styers

NOTE: Preliminary (rezoning petition) comments are based on conceptual and/or preliminary drawings and project information.
