# Rezoning Petition 2012-086 PRE-HEARING STAFF ANALYSIS October 15, 2012

# PLANNING STAFF REVIEW

# Background

CHARLOTTE-MECKLENBURG

PLANNING

The existing I-1(CD) portion of the subject site was rezoned in 2002 (rezoning petition 2002-005) as part of a larger 49-acre development that allowed for up to 500,000 square feet of office/flex space, a 200-room hotel, and 47,000 square feet of retail and restaurant uses.

# • Proposed Request Details

- The site plan accompanying this petition contains the following provisions:
- An industrial park with up to 525,000 square feet of office/distribution and industrial uses.
- Building height limited to 40 feet.
- Typical building elevations are provided.
- Freestanding lighting will be limited to 30 feet in height and will have full cut-off type lighting fixtures along the perimeter of the development.
- Additional right-of-way will be dedicated along Gable Road measuring 32.5 feet from the centerline.
- Entrance Drive will be extended from Steele Creek Place Drive to Gable Road.

#### Existing Zoning and Land Use

The subject site is currently vacant. However, two streets have been constructed on the site in association with the previous development scenario. Properties to the north are zoned B-1 and are vacant or contain commercial uses. East of the site are parcels zoned both B-1 and R-3. The majority of these properties are vacant; however, there are some commercial uses and a fire station. Interstate 485 and vacant R-3 zoned properties are south of the subject site. Single family homes and vacant parcels within the R-3 zoning category are west of the petitioned site across Gable Road.

## Rezoning History in Area

There have been a number of recent rezonings in this area. The majority of those rezonings have been located south of the subject site near the intersection of Dixie River Road and Steele Creek Road to allow for office and commercial uses. There was one recent rezoning approximately a guarter mile north of the petitioned site along Steele Creek Road to allow for a hotel.

## Public Plans and Policies

- The *Steele Creek Area Plan* (2012) recommends office and retail land uses for this site. The plan also states that it is important that future development in this area not compromise the accessibility of the Interstate 485 interchange.
- The petition is inconsistent with the *Steele Creek Area Plan*; however, the proposed industrial land use is consistent with the general industrial development pattern in the area and does not compromise the accessibility of the interchange. This site along with the majority of the adjacent parcels along Shopton Road is located within the Shopton Road Industrial Activity Center as defined by the Centers, Corridors, and Wedges Growth Framework.

**DEPARTMENT COMMENTS** (see full department reports online)

- Charlotte Area Transit System: No comments received.
- Charlotte Department of Neighborhood & Business Services: No issues.
- Transportation: No issues.
  - Vehicle Trip Generation: Current Zoning: 12,700 trips per day. Proposed Zoning: 3,300 trips per day.
  - Connectivity: No issues.
- Charlotte Fire Department: No issues.
- **Charlotte-Mecklenburg Schools:** Non-residential petitions do not impact the number of students attending local schools.
- Charlotte-Mecklenburg Storm Water Services: No issues.
- Engineering and Property Management: No issues.
- Mecklenburg County Land Use and Environmental Services Agency: No issues.
- Mecklenburg County Parks and Recreation Department: No issues.
- Urban Forestry: No issues.

ENVIRONMENTALLY SENSITIVE SITE DESIGN (see full department reports online)

- **Site Design:** The following explains how the petition addresses the environmentally sensitive site design guidance in the *General Development Policies-Environment*.
  - This site meets minimum ordinance standards.

# OUTSTANDING ISSUES

- The petitioner should:
  - 1. Delineate and label the extension of Entrance Drive from Steele Creek Place Drive to Gable Road on the technical data sheet.
  - 2. Modify the proposed zoning on the technical data sheet to read: "I-1(CD) SPA and I-1(CD)".
  - 3. Clarify on the schematic plan that the abutting tax parcel 201-072-27 is not part of the requested rezoning and also include the ownership, zoning, and use information for the abutting parcel.
  - 4. Provide elevations for the Gable Road sides of buildings 4 and 5 that illustrate architecturally articulated facades, decorative elements, and/or a variety of building materials that break up large expanses of blank walls.
