04 SITE DATA scale: 1"=1'-0"

1. The petitioner acknowledges that other standard development requirements imposed by other city ordinances, standards, policies, and appropriate design manuals will exist. Those criteria (for example, those that require buffers, regulate streets, sidewalks, trees, stormwater, and site development, etc...) will apply to the development site. This includes Chapters 6,9,12,17,18,19,20,21 of the City Code. Conditions set forth in this petition are supplemental requirements imposed on the development in addition to other standards. Where specified conditions on this plan differ from ordinances, standards, policies and approaches in existence at the time of formal engineering plan review submission, the conditional notes on this plan shall apply.

2. The Site Plan is schematic in nature and represents a firm concept of development with regard to the arrangement of buildings, parking, and circulation patterns. Minor changes of detail which do not alter the basic layout and relationships to abutting sites are permitted as a matter of right for the petitioner / developer and shall be handled in accordance to the Zoning Ordinance, Section 6.207.
