**I. SUMMARY REMARKS:**

This site is located on an existing bus route. The Petitioner is requested to provide and construct a new waiting pad for a relocated bus stop on South Tryon Street. The recommended new location is where the proposed internal sidewalk connects to South Tryon Street before the right-turn lane into the development.

Below is an image of the standard detail (60.01B) for the requested bus stop pad. Permanent easement is requested, where dimensions exceed existing or proposed right-of-way limits.

Please contact me if there are any questions related to this request. Thank you.
