Recommendations

Due to revisions (2/18/19): Downstream properties have open Storm Water requests for service. Please include the following note under Environmental Features.” *For adjoining parcels receiving storm water discharge the petitioner shall analyze the adequacy of the existing storm water conveyance on the adjoining parcels to Lorraine Drive. If the existing storm water conveyance on the adjoining parcels is found to be inadequate, the Petitioner shall make a good faith effort with the property owner(s) to improve the storm water conveyance or mitigate the storm water discharge onto the adjoining parcels.*

Please note this parcel contains a permanent drainage easement on site as recorded in the Register of Deeds book 6756 pages 685-688. There are also permanent drainage and other easements on this site as recorded in book 16799 pages 977-996. No buildings or structures are permitted over and across drainage easements.
