RE: ZONING APPROVAL FOR AN ADMINISTRATIVE DEVIATION
7050 Rocky Falls Road
TAX PARCEL NUMBER: 189-123-07
CASE NUMBER: 2018-007AD

Dear Crossroads Hilda H. Milton (by Richard W. Parks):

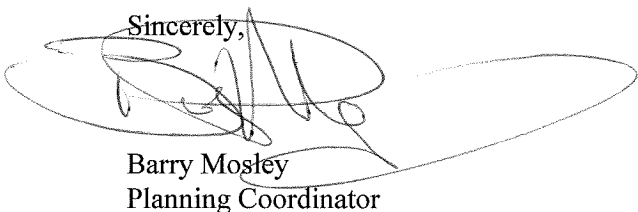

Your request for an administrative variance to allow a .84 foot encroachment into the required 35 foot setback as shown on the Boundary & Physical Survey dated December 29, 2017 has been **granted**.

My investigation and review of the request indicates that the following facts warrant approval of the request:

1. The proposed deviation was caused by an inadvertent error that occurred during the staking and placement of the foundation for the residential structure.
2. The permits were pulled for the construction of the building. However, during the final inspection the overage was not detected.
3. The applicant's physical survey prepared by Billy B. Long, Jr. Professional Land Surveyor dated December 29, 2017, indicates that the single-family structure encroaches approximately .84 feet into the required 35 foot setback.
4. The setback encroachment was discovered when a survey was completed in 2017 by the current owners.
5. The encroachment is minor and will not be easily detectable or visible.
6. The requested deviation is within the dimensional measurement allowed by Section 4.107(2) of the Zoning Ordinance.

The administrative approval was granted under Section 4.107 (Delegated Authority) of the City of Charlotte Zoning Ordinance. If any permits are required, please make sure that the annotation of this section is noted on the permit application. Please retain this letter as documentation that the administrative variance for the encroachment was granted. If I can be of further assistance, please contact me at 704-336-8314.

Sincerely,

Barry Mosley
Planning Coordinator
