COMMUNITY MEETING REPORT Petitioner: Cotswold Center Abbey Court, LLC, et al.

Rezoning Petition No. 2006-87

SUBJECT: Community meeting held on Thursday, May 17, 2006 in connection with Rezoning Petition No. 2006-87 submitted by Cotswold Center Abbey Court, LLC, et al. (Petitioner) regarding a rezoning from B1-SCD to CC at 260 S. Sharon Amity Road.

PERSONS AND ORGANIZATIONS CONTACTED WITH DATE AND EXPLANATION OF HOW CONTACTED:

In addition to the formal community meeting required by the City of Charlotte Zoning Ordinance, which took place on May 25, 2006, the Petitioner and its representatives have met on several occasions with nearby property owners and neighborhood representatives.

With respect to the formal community meeting required by the Ordinance, the Petitioner mailed written notices of the date, time and location of the meeting to the individuals and organizations set forth on Exhibit A. A copy of the Notice of Community Meeting for the May 25, 2006, meeting is set forth as part of Exhibit A.

DATE, TIME AND LOCATION OF MEETING(S):

The formal meeting required by the Zoning Ordinance was held at 6:30 p.m., Thursday, May 25, 2006 at Charley's restaurant in the Cotswold Center, located at 260 S. Sharon Amity Road, Charlotte, North Carolina.

PERSONS IN ATTENDANCE AT MEETING(S):

A list of individuals who attended the June 29, 2006 required Community is attached as part of Exhibit B. Also in attendance were Collin Brown of Horack Talley, Tom Drake with the Charlotte-Meckenburg Planning Commission Staff, Darryl Hall from Laughing Dog Architecture and Lauren Vaughn of Horack Talley.

SUMMARY OF ISSUES DISCUSSED AND CHAGES MADE TO THE PETITION AS A RESULT OF THE MEETING(S):

The following is a list of general issues, questions and comments raised at the required Community Meeting held on June 29, 2006.

Overview Presentation

Collin Brown opened the meeting and explained that the purpose of the meeting was to give neighbors as much information as possible regarding the proposed site plan and rezoning process. Mr. Brown explained that he would go over the site plan in detail, and would answer any questions regarding the rezoning but preferred to keep the discussion focused on the changes proposed in the site plan.

Mr. Brown explained that the current B1-SCD zoning allowed approximately 287,000 square feet of building area. He indicated that a recent renovation opened up portions of the old indoor mall and created open air plazas. Therefore, the building area of the center was reduced to approximately 263,000 square feet. He explained that as a result, the owner could at more than 20,000 of building area under the existing zoning. However, the proposed rezoning plan called for approximately 273,000 square feet.

Mr. Brown explained that although the existing zoning would allow additional square footage, a recent ordinance change prevents the owner from increasing the number of structures without a rezoning. Mr. Brown indicated that the purpose of this rezoning is to allow the owner to construct a new structure on the site. He stated that the proposed structure was roughly 7,500 square feet, which is significantly less than the total square footage allowed under the existing zoning. Therefore, he explained, the proposed change would actually reduce the amount of development allowed on the site.

Mr. Brown explained that the proposed structure would accommodate two tenants. He mentioned that the owner was currently in discussions with the ABC Commission and Starbucks regarding potential lease agreements. He acknowledged that the site plan called for a drive-through window for the Starbucks.

Mr. Brown indicated that the public hearing was currently scheduled to be held in June but that he planned on requesting a deferral until the July zoning meeting.

Questions and Comments

Meeting attendees had the following questions and comments:

What square footage is allowed under the current zoning? - Peter Brooks

Mr. Brown explained that the current zoning would allow a building area of approximately 287,000 square feet.

When the open plazas were created did you give back the square footage?

Mr. Brown responded that there had been 287,000 square feet of buildings on the site. When the open plazas were created the building area was reduced.

What is meant by "building area"?

Mr. Brown indicated that he believed "building area" was the total square footage of the enclosed structures.

Does the site plan indicate that development should be limited to three structures?

Mr. Brown indicated that was correct.

Didn't the renovation and open plazas essentially create another detached building? And therefore aren't there four structures on the site now?

Mr. Brown acknowledged that this was an interesting point. Asked Tom Drake to respond. Mr. Drake indicated that the renovation was probably considered a reconfiguration.

Would the rezoning allow more new structures?

No. Mr. Brown indicated that this is a conditional rezoning and development would be limited to what is shown on the site plan. He reiterated that the zoning would actually reduce the amount of square footage allowed on the site.

Doesn't the CC district allow 35% more development than the existing B1-SCD district?

Mr. Brown indicated that the standards of the district might allow greater density but that development would be controlled by the standards of the conditional zoning plan.

What will happen to the old bank building? Susan Armstead

Mr. Brown explained that the Petitioner also owned the old bank but he noted that it was a separate parcel of property and was not included in the rezoning request. He also indicated that the outcome of this rezoning may impact what the Petitioner does with that parcel.

How would the tenants be set up in the proposed structure?

Mr. Brown indicated that two tenants would share a single new structure. He referenced the site plan and pointed out the square footages of the proposed spaces. Mr. Brown also noted that the proposed structure would have architectural appeal from all four sides and would also have entrances facing Randolph Road.

Couldn't the owners have included the old bank property in the rezoning petition and given the neighbors greater protection? Jan Abrams

Mr. Brown indicated that the petitioner is considering adding the old bank parcel to the petition. He noted that old bank property was allowed to have a drive-through. He stated that he believed the petitioner might be willing to remove the old bank structure if its drive-through could be reallocated to the new structure on the main site. He indicated that this idea had been proposed to the planning commission staff but that they did not seem to support such a change.

Will the parking obstruct the property line of the neighboring duplex?

Mr. Brown informed the group that while there may be some turning in the alley of the duplex, the parking would not cross over the property line of the neighboring duplex.

Can you put conditions on the CC district? Jeff Pease

Mr. Brown explained the CC district was a conditional district and that the CC classification requires a conditional site plan.

Mr. Pease introduced himself to the group and encouraged the audience to express their concerns now rather than waiting until the public hearing. He disagreed with Mr. Brown's statement that the public hearing was the appropriate time share concerns about the petition. He explained that it is important for neighbors to speak up because minutes of the meeting were being taken. He explained that there were some City Council members who prefer reading rezoning documents.

What is the distance between the buildings in the plaza area?

Mr. Hall indicated he believed there was about 27 feet between the buildings.

How is this rezoning going to impact the site as far as density and traffic? Carolyn Halls

Mr. Brown indicated that while there would be a new building the proposed zoning would reduce the maximum building area significantly. He mentioned that there was more parking than necessary to accommodate 287,000 square feet, therefore there is sufficient parking to accommodate the 273,000 square feet proposed in this rezoning.

How much parking is required now?

Mr. Brown responded that the current zoning requires 1,149 spaces and that the center currently has 1,323 spaces.

How will people enter and leave the site? Helen Pinter

Mr. Brown indicated that there were no requests for additional driveways. Therefore the current access points would remain. He noted that the petition would include a commitment to add right-in-right-out "pork chops" at two driveways on Sharon Amity. Mr. Brown also indicated that CDOT's comment memo included a request for a left hand turn lane on Sharon Amity.

If you eliminate two access points from Sharon Amity you should be required to add a left turn lane and a red light.

Mr. Brown reminded everyone that the purpose of the rezoning was to allow a detached structure. He questioned how a detached structure would have a greater impact than if the owner decided to construct the full 287,000 square feet allowed under the existing zoning.

Isn't it a priority to make shopping centers more pedestrian friendly? Sandy Wharton (addressed to Tom Drake)

Mr. Drake indicated that the Petitioner would have an opportunity to make changes to the site plan based on staff comments. He indicated that staff had expressed concerns about the pedestrian friendliness of the proposed change. He stated that there is more and more emphasis now on transportation alternatives. He indicated that staff would address concerns about pedestrian safety.

Would the proposed structure meet the current zoning requirements if it was connected to one of the existing structures?

Mr. Drake indicated that staff would have to determine whether such a proposal would be a significant change to the site plan. He indicated that changes can be made without going through the public forum if they are not significant changes.

Would there be a new traffic light on Sharon Amity? Anna Katz

Mr. Brown said he was not aware of any discussion about a new traffic signal.

If pedestrian friendliness is an issue there are many residents in the area without cars, the area gets very congested and doesn't flow well. If there could be a pedestrian entrance to the center it would be safer. Also noise is a problem, loud trucks dump the dumpsters early in the morning disturbing residents. Neighbors are opposed to any increased density because of noise and little pedestrian friendliness.

Mr. Drake stated that the entire site is being rezoned and therefore these issues can be raised and considered because those areas are included in the site.

Are there acoustical measures that can be taken to reduce the sound from the dumpsters?

Mr. Drake responded by saying the most people are familiar with sound walls along the interstate. He indicated that they were not usually used in these situations but that something similar could be requested by the city.

Mr. Drake described the procedure for the public hearing and the time frame in which the public would be allowed to present the opinions.

Mr. Brown concluded by reminding everyone that the Petitioner is willing to consider adding conditions to address concerns expressed by neighbors. He indicated that the Petitioner was working with the condo HOA and was getting estimates for screening fences along the rear of the property.

The meeting concluded around 7:30, with many separate conversations ongoing.

Respectfully submitted, this 7th day of July, 2006.

NOTICE OF COMMUNITY MEETING AND INFORMATION REGARDING REZONING PETITION NO. 2006-99

Date: June 20, 2006

Subject: Rezoning Petition No. 2006-99

Petitioners: Diamond Oak Development

Property: 201 Grandin Road

Rezoning Request: Change from R-5 to MUDD (CD)

Date and Time of Community Meeting: 6:30 p.m., Thursday June 29, 2006

Location of Community Meeting: Greater Bethel AME Church

201 Grandin Road Charlotte, NC 28202

We represent the Petitioner, Diamond Oak Development with regard to their petition to rezone the property located at 201 Grandin Road.

Background

The .46 acre parcel is currently zoned R-5. The property is presently used for institutional proposes and is occupied by the Greater Bethel AME Church. The petitioner seeks to rezone the parcel in order to preserve and renovate the historic structure and accommodate residential uses. Therefore, the petitioner proposes a site plan that will allow new construction as well as the preservation of the existing church and parsonage structures.

Site Plan

The petitioner proposes to renovate the existing church and parsonage structures and convert them into residential dwellings. The existing church structure will be preserved, only very limited changes will be made to the building's exterior. The existing parsonage will be renovated and expanded. A new structure will be constructed at the rear of the site. The entire redevelopment will accommodate 15 residential dwelling units. Commercial uses will be prohibited. The open spaces along Grandin Road will remain, and an open courtyard will be created in the interior of the site.

HTPL: 272277 v1

The proposed site plan will provide 10 off-street parking spaces and the petitioner seeks to use on street parking on portions of West 4th Street and Grandin Road abutting the site toward its parking requirements.

Additional Comments

The Public Hearing on this Petition is scheduled for July 17, 2006, at 6:00 p.m. in the Meeting Chamber of the Government Center. The Public Hearing is the formal opportunity for those individuals who desire to express their feelings about the Rezoning Petition to Members of the City Council and Members of the Zoning Committee of the Charlotte-Mecklenburg Planning Commission.

The Petitioners may revise their Conditional Rezoning Plan as a result of comments received at the Community Meeting and comments received from the Charlotte-Mecklenburg Planning Staff and/or the Charlotte Department of Transportation, or as a result of modifications deemed necessary by the Petitioner for other reasons.

We hope you will be able to join us at the Community Meeting on June 29, 2006. In the meantime, should you have questions or concerns about this matter, you may contact Collin Brown at (704) 377-2500.

NOTICE OF COMMUNITY MEETING AND INFORMATION REGARDING REZONING PETITION NO. 2006-87

Date:

May 17, 2006

Subject:

Rezoning Petition NO. 2006-87

Petitioners:

Cotswold Center Abbey Court, LLC, et al.

Property:

260 S. Sharon Amity Road

Rezoning Request:

Change from B-1SCD to CC

Date and Time of Community Meeting:

6:30 p.m., Thursday, May 25, 2006

Location of Community Meeting:

Charley's Restaurant

Cotswold Shopping Center 274 South Sharon Amity Road

2nd Floor

Charlotte, NC 28211

Phone number: 704-364-7475

We represent the Petitioner, Cotswold Center Abbey Court, LLC, et al., with regard to their petition to rezone their property located at 260 S. Sharon Amity Road.

Background

The 21.73 acre parcel is currently zoned B1-SCD (B-1 Shopping Center District). The property is presently occupied by the Cotswold Shopping Center. The B1-SCD district is no longer used in Charlotte, it has been replaced by the CC (Commercial Center) district which the petitioner proposes in this petition. The current zoning allows approximately 287,000 square feet of building area, but limits the site to three structures. Currently, the center includes

approximately 263,000 square feet of building area. The proposed rezoning will allow the owner to construct an additional detached structure.

Site Plan

The petitioner proposes to add 7,406 square feet of building area which would result in approximately 273,000 square feet of building area on the site. Because this is less than the total square footage allowed under the current zoning, the petitioner could simply expand one of the existing structures without a rezoning. However, the petitioner would prefer to construct a new, aesthetically appealing, detached structure that would be located along Randolph Road. The new structure is the only change proposed in this rezoning. Conceptual renderings of this structure have been submitted to the Planning Commission.

Other Key Dates in the Rezoning Process

In addition to the May 16th community meeting, the following meetings are scheduled:

Public Hearing:

The Public Hearing on this Petition is scheduled for June 19, 2006, at 6:00 p.m. in the Meeting Chamber of the Government Center. The Public Hearing is the formal opportunity for those individuals who desire to express their feelings about the Rezoning Petition to Members of the City Council and Members of the Zoning Committee of the Charlotte-Mecklenburg Planning Commission.

Zoning Committee:

The Zoning Committee meeting is scheduled to be held June 28, 2006, at 4:30 p.m. on the 8th floor of the Government Center. At this meeting, the Zoning Committee of the Charlotte-Mecklenburg Planning Commission will make a recommendation on the Rezoning Petition. While the meeting is public and anyone who chooses to do so may attend, it is not a public hearing.

Charlotte City Council Decision Meeting:

The decision on this Rezoning Petition is scheduled to be made by the City Council on July 17, 2006, at 6:00 p.m. in the Meeting Chamber of the Government Center unless the City Council should for some reason defer the decision date.

The Petitioners may revise their Conditional Rezoning Plan as a result of comments received at the Community Meeting and comments received from the Charlotte-Mecklenburg Planning Staff and/or the Charlotte Department of Transportation, or as a result of modifications deemed necessary by the Petitioner for other reasons.

We hope you will be able to join us at the Community Meeting on May 25, 2006. In the meantime, should you have questions or concerns about this matter, you may contact Collin Brown at (704) 377-2500.
