

ENGINEERING AND PROPERTY MANAGEMENT DEPARTMENT

MEMORANDUM

Date: May 11, 2007
To: Keith MacVean
Planning Commission
From: Alice Christenbury
Land Development Services
Subject: Rezoning Petition No. 2007-030, 1908 Woodcrest Ave.

General Site Plan Requirements

The EPM Land Development Services Division has reviewed the site plan submitted in connection with the subject rezoning petition and has the following comment.

- Add the following note to the rezoning site plan and/or related rezoning documents:
"The petitioner acknowledges that other standard development requirements imposed by other city ordinances, standards, policies, and appropriate design manuals will exist. Those criteria (for example, those that require buffers, regulate streets, sidewalks, trees, stormwater, and site development, etc.), will apply to the development site. This includes chapters 6, 9, 12, 17, 18, 19, 20, and 21 of the city code. Conditions set forth in this petition are supplemental requirements imposed on the development in addition to other standards. Where conditions on this plan differ from ordinances, standards, policies, and approaches in existence at the time of formal engineering plan review submission, the stricter condition or existing requirements shall apply."
- If the existing sidewalk remains with only a 4 ft planting strip, required trees will be planted behind the sidewalk. In which case, the existing 26 " oak may count towards that requirement if healthy.
- Replace note number 9. with wording from above.
- We request that any revisions or changes be submitted to the Land Development Division.
- After zoning approval, pre-submittal meetings are available to discuss specific requirements.
