Park and Recreation Department

MEMORANDUM

SENT ELECTRONICALLY THIS DATE
NO HARDCOPY TO FOLLOW

TO: Solomon Fortune, Associate Planner
Charlotte Mecklenburg Planning Commission

FROM: Gwen Cook, Greenway Planner
Greenway Planning & Development Division

DATE: December 16, 2008

RE: Rezoning Petition # 2009-019 CHS Steele Creek (Hoover Creek)

This is the first correspondence from Mecklenburg County Park and Recreation Department (MCPR) regarding rezoning petition #2009-019. We suggest that these comments be incorporated into the Planning Commission staff review notes and written into the Pre-Hearing Staff Analysis to the fullest extent possible. These steps should ensure MCPR's notes are conveyed to and incorporated by the petitioner during plan revision.

The petitioner's properties are located in the Southwest Park District on South Tryon Street just west of Steele Creek Road (Old Hwy 160). Hoover Creek (a tributary of Walker Branch), identified in the 2008 Greenway Master Plan as a greenway corridor runs along the southern boundary of this property (PID #219-121-07, 219-121-06 and 219-121-05).

General comments

The hospital facility will be an important destination along the future greenway corridor. MCPR requests that the petitioner dedicate the 50' SWIM buffer of Hoover Creek to Mecklenburg County Park and Recreation for greenway as shown on the submitted site drawing RZ-1 received at the Planning Commission on November 24, 2008.

MCPR requests that the petitioner provide an access easement to allow MCPR to construct a 10' wide sidewalk connector to the greenway from the internal pedestrian circulation system once the greenway is constructed. This future connector should support maintenance access by small truck to the greenway and the location should be planned to be compatible to the internal pedestrian circulation at this time.

To achieve a desirable aesthetic appearance for both hospital and greenway projects, MCPR requests that the fence surrounding the petitioner's property be eliminated except what is required by regulation for the operation of the helipad.

Feel free to contact me at (704) 432-1570 if you should have any further questions.
