

Solid Waste Services Rezoning Petition Notes

2009-073 – Jeann Fontana

Reviewer: Sarah Poulton

Date: October 22, 2009

Comments:

This site plan is not residential and thus does not require our comments. However, if the CMPD location would like to be included in the SWS Multifamily and Public Facility Refuse contract, we suggest they follow the same guidelines for dumpster and recycling service that multifamily developments adhere to.

Other issues:

None
