## I. SUMMARY REMARKS:

The Petitioner is requested to retain the existing bus stop and waiting pad along Morrison Boulevard. If the any sidewalk or curb construction is required along Morrison Boulevard, then the Petitioner is requested to upgrade the existing bus waiting pad to the attached standard. The bus stop may move in order to avoid impacting any of the existing mature trees to be preserved. Below is an image of the standard detail (60.01B) for the requested bus stop pad.

The site plan may either show the conceptual location of the bus stop on Morrison Boulevard, or alternatively, include a development note to locate the bus stop pad during the development review and permitting process.

Please contact me if there are any questions related to this request. Thank you.
