

## **COMMUNITY MEETING REPORT FOR REZONING PETITION NO. 2015-128**

### **Cousins Acquisition Entity, LLC**

**Petitioner:** **Cousins Acquisition Entity, LLC**  
**Rezoning Petition No.:** **2015-128**  
**Property:** **2.30 acres located between Camden Road and S. Tryon Street and north of W. Park Avenue**

This Community Meeting Report is being filed with the Office of the City Clerk and the Charlotte-Mecklenburg Planning Commission pursuant to Section 6.203 of the City of Charlotte Zoning Ordinance.

### **PERSONS AND ORGANIZATIONS CONTACTED WITH DATES AND EXPLANATIONS OF HOW CONTACTED:**

The required Community Meeting was held on November 10, 2015. A representative of the Petitioner mailed a written notice of the date, time and location of the Community Meeting to the individuals and organizations set out on **Exhibit A** by depositing the Community Meeting Notice in the U.S. mail on October 28, 2015. A copy of the written notice is attached as **Exhibit B**. The Petitioner also met on prior occasions with representatives of the Wilmore Neighborhood Association and the South End Neighborhood Association, among other South End stakeholders, to review the proposed plans for the Site. Furthermore, the Petitioner understands that the Notice of meeting was posted on several websites such as the South End Neighborhood Association, as a means of ensuring greater awareness.

### **TIME AND LOCATION OF MEETING:**

The **Community Meeting required by the Ordinance was held on November 10, 2015 at 7:00 PM**, at Charlotte Trolley Powerhouse Museum located at 1507 Camden Road, Charlotte, NC 28203.

### **PERSONS IN ATTENDANCE AT MEETING:**

The sign-in sheet from the required Community Meeting is attached as **Exhibit C**. The Petitioner's representatives at the required Community Meeting were Tim Hendricks, Jason Frost & Boone DuPree with Cousins Properties. Also in attendance assisting the Petitioner were Turan Duda & Andres Serpa of Duda Paine Associates, Sue Freyler & John Core of ColeJenest & Stone, Randy Goddard of DRG and Jeff Brown & Keith MacVean with Moore & Van Allen, PLLC.

### **SUMMARY OF ISSUES DISCUSSED AT MEETING:**

#### **I. Introduction and Overview of Development Plan.**

- **Tim Hendricks (Cousins Properties)** made an introduction and opening remarks on behalf of Cousins expressing its long term commitment to the project and previous involvement in Charlotte. The project will represent a long term investment from Cousins and Dimensional Fund Advisors. Tim Hendricks then introduced Jeff Brown.
- **Jeff Brown (Moore & Van Allen)** opened the presentation by providing a high level update on plan changes, the rezoning process and upcoming key dates.

- Mr. Brown thanked Tobe Holmes of Historic South End, Krissy Oechslin and Jen McCartney of SENA, Justin Lane of Wilmore, and Councilmember LaWana Mayfield, who is the City Council district representative for South End. He also recognized Duda Paine Architects, ColeJenest & Stone and Randy Goddard, the traffic consultant.
  - Mr. Brown indicated that the development and design team has continued to work on design since initial rezoning filing in late September. It has considered input received from City Planning Staff, local leaders, and neighborhood stakeholders such as leaders from the Wilmore Neighborhood Association and the South End Neighborhood Association.
  - The Site is currently zoned for a variety of land uses and surrounding parcels are zoned for various uses as well. Project will require changing the zoning classification to TOD-M-O, hence the rezoning petition and process.
  - He explained that the project will become the east coast office headquarters for Dimensional Fund Advisors (DFA). It also will contain ground floor retail uses that were discussed and reviewed by the design team during the meeting.
  - Important rezoning process current dates include:
    - o December 14 – City Council public hearing (4:00 PM);
    - o January 4 – Zoning Committee meeting (2:00 PM);
    - o January 19 – Vote before full Council (6:00 PM).
  - Mr. Brown noted that the development plans are generally consistent with the South End Transit Plan, which seeks office and ground floor uses to complement residential uses along the Lynx Blue Line. Mr. Brown then introduced Turan Duda to review the project design in detail.
- **Turan Duda (Duda Paine)** provided a detailed review and update of architectural design and changes to the plans initially filed with the City. Mr. Duda explained that:
    - Changes to the rezoning plan are a reflection of architecture being a process, and a process intended to involve input from stakeholders.
    - Mr. Duda reviewed in particular such design aspects and/or changes as:
      - o Creation of focal points at each of the 3 project corners: at Tryon and Camden an art based corner; at W. Park and Tryon the “Wilmore Landing” corner; and at Camden and Tryon a “retail/festival square” based corner.
      - o Removal of the larger outdoor space along Camden Rd. and creation of more of a “hard edge” with retail closer to the street in response to input.
      - o Redesign of the parking deck and loading dock (and the entrance planned for W. Park Ave.) in a way that allowed for retail uses to be located at the corner of Park Ave. and Tryon St.
      - o Intentionally locating close to one-half of the parking deck below grade to lower the overall building height thereby keeping the building at Park and Tryon to 4½ to 5 stories.
      - o Adding a court yard area along Camden to break up the storefront retail component with the desire that it be similar in size to the size of the existing interior Common Market courtyard.

The attendees were then invited to ask questions.

## **II. Summary of Questions/Comments and Responses (Grouped by Topic):**

The following summarizes the input and Q&A portion of the meeting, grouped by topic area.

- **General feedback**
  - Much of the overall feedback was positive as many attendees appreciated that revised plans took into consideration community input with a focus on:
    - First floor retail
    - Urban design
    - Public spaces
  - A writer with Charlotte Agenda, who was an early critic, expressed appreciation of many of the changes such as the retail at W. Park as well as the hardscape changes that create more of a type of walking zone along Camden.
  - Gaines Brown, current owner of a portion of the Site, was supportive of efforts to adjust the project design to input received.
  - A resident from Wilmore said she initially was displeased about the proposed changes to take place on the Site, but that she understood that change is likely and appreciated the efforts made on design.
  - A noted local planner voiced support for the changes overall and suggested that design team consider the “DNA” of surrounding, older buildings, such as scale of windows, doors, etc.
  - One attendee expressed displeasure accusing the project of “sterilizing” the neighborhood.
- **In response to questions in the area of surrounding pedestrian and roadway infrastructure, the team indicated that:**
  - Plans provide for widened pedestrian sidewalk along Tryon St. and other streets.
  - No plans to change traffic pattern at three-way intersection at North corner of site.
  - Plans provide for new left turn lane on Park Ave. to prevent peak commuter congestion as employees depart.
- **In response to questions in the area of the parking deck, the team indicated that:**
  - Parking deck entrance moved toward Camden which was desirable to CDOT and that a traffic memorandum study was provided to and reviewed by CDOT.
  - There are expected to be 1½ to 2½ levels of the parking deck below grade as well as ground level parking in the deck. 4½ to 5 levels of parking is expected on the upper floors of deck. Some portion of the ground or upper levels of the deck are expected to be available to public after work hours and on weekends.
- **In response to questions in the area of construction and timeline, the team indicated that:**
  - ±18 month long timeline is expected for construction. The team has not yet met with the City on lane closures, etc. but will be mindful of these aspects.
  - Regarding minimizing impact on community, safety and communication will be priorities. Efforts will be made to let neighbors know of deliveries and loud construction dates.
- **In response to questions in the area of architectural/aesthetic elements, the team indicated that:**
  - The building structure will have staggered height as one moves away from W. Park Ave. and Tryon intersection toward Tryon and Camden intersection. At the tallest point, the office tower is expected to be 7 floors of office uses over 1 floor of non-

- residential uses. The south side of the building & parking deck at the corner of W. Park and S. Tryon will be 4-5 floors above grade with 1½ to 2½ floors of below grade parking.
- Quality treatment at the pedestrian and lower levels of the building with elements that will tie lower and upper designs together will be addressed. The design team is working further on the palette of materials.
- The “festival square” concept was well-received, and residents look forward to details on the ground plan which has of course not yet been fully designed. The design team hopes to create an engaging public realm on corner of Camden Rd. and Park Ave. during the design development phase.
- **In response to questions in the area of cultural/retail elements, the team indicated that:**
  - Cousins, working with Dimensional, seeks the community’s assistance in promoting and supporting more independent retailers/restaurants/coffee shops to be part of the project.
  - Cousins does not anticipate retail uses that are focused primarily around DFA business hours — for example, DFA will have its own cafeteria for employees so it is anticipated that the ground floor retail and restaurant uses will be more community driven.
  - No public access or restaurant will be on the rooftop due to security precautions.
  - Gaines Brown, who helped found Food Truck Friday, made comments at end of meeting regarding hopes for a positive announcement soon to come on a new nearby location for Food Truck Fridays.

The attendees were thanked for their time and interest; the meeting was then adjourned.

#### **CHANGES MADE TO PETITION AS A RESULT OF THE MEETING:**

The Petitioner has made a number of significant design changes from the original filed rezoning plan to the rezoning plan refiled on November 13, 2015. The above discussion highlights these changes which have been in response to stakeholder and Planning Staff input.

**NOTICE TO INTERESTED PARTIES OF A REZONING PETITION**  
**PETITION # 2015-128 – Cousins Acquisition Entity, LLC**

Subject: Rezoning Petition No. 2015-128  
Petitioner/Developer: Cousins Acquisition Entity, LLC  
Property: 2.30 acres located between Camden Road and S. Tryon Street and north of W. Park Avenue  
Existing Zoning: B-1, TOD-M & MUDD-O  
Rezoning Requested: TOD-MO  
**Date and Time of Meeting:** Tuesday, November 10th, 2015 at 7:00 p.m.  
Location of Meeting: Charlotte Trolley Powerhouse Museum  
1507 Camden Road  
Charlotte, NC 28203  
Date of Notice: Mailed on October 28, 2015

We are assisting Cousins Acquisition Entity, LLC (the “Petitioner”) on a rezoning petition it recently filed regarding a zoning change for approximately 2.3 acres (the “Site”) located between Camden Road and S. Tryon Street and north of W. Park Avenue. We take this opportunity to furnish you with basic information concerning the rezoning petition and to invite you to attend a Community Meeting to discuss it.

**Background and Summary of Request:**

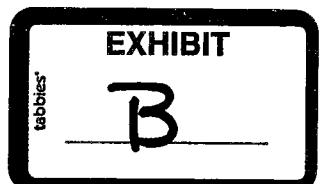

This rezoning petition involves a request to rezone the Site from its current mix of zoning categories of B-1 (Neighborhood Business) TOD-M (Transit Oriented Development, Mixed Use) and MUDD-O (Mixed Use Development District, Optional) to a single TOD-MO (Transit Oriented Development, Mixed Use, Optional) district. This rezoning request proposes to develop the Site for a Class A office building to include ground floor retail/restaurant related uses.

Since the filing of the rezoning plan in September, the development/design team has worked diligently to respond to input received from the City Planning Department and many interested nearby residents and owners, including those from the South End and Wilmore communities. The team looks forward to reviewing the changes and enhancements to the rezoning plans and obtaining additional feedback at this upcoming meeting.

**Community Meeting Date and Location**

The Charlotte-Mecklenburg Planning Commission’s records indicate that you are either a representative of a registered neighborhood organization or an owner of property near the Site. **Accordingly, we are extending an invitation to attend the upcoming Community Meeting to be held on Tuesday, November 10<sup>th</sup> at 7:00 p.m. the Charlotte Trolley Powerhouse Museum located at 1507 Camden Road, Charlotte, North Carolina 28203.** Representatives of the Petitioner look forward to discussing this rezoning proposal with you at the Community Meeting.

In the meantime, should you have questions about this matter, you may call Jeff Brown (704-331-1144) or Keith MacVean (704-331-3531). Thank you.
