Community Meeting Report

Petitioner: Dr. Michael Berglass, DDS Rezoning Petition No. 2016-037

Property: Approx. 0.44 acres located on the south side of Central Avenue between Crystal Road and Cyrus Drive (the "Site"). Requested Site Plan Amendment to Petition #2008-157 to allow expansion of the existing dental office on the Site, zoned UR-C (CD).

This Community Meeting Report is being filed with the Office of the City Clerk & the Charlotte-Mecklenburg Planning Commission pursuant to Section 6.203 of the Charlotte Zoning Ordinance.

PERSONS AND ORGANIZATIONS CONTACTED WITH DATES

The required Community Meeting was held on February 29, 2016 at 6:00pm. A representative of the petitioner mailed a notice of the date, time, and location of the Community Meeting to the individuals and organizations set out on **Exhibit A** on February 18, 2016. A copy of the written notice is attached as **Exhibit B**.

TIME & LOCATION OF MEETING

The Community Meeting required by the Ordinance was held on February 29, 2016 at 6:00pm, at Christ Central Church, at 3646 Central Avenue, Charlotte, NC 28205.

PERSONS IN ATTENDANCE AT MEETING

Several representatives of community organizations were present among the residents attending, including members of the Commonwealth Park Neighborhood Association and Merry Oaks Neighborhood Association. The sign-in sheet from the Community Meeting is attached as **Exhibit C**.

The petitioner's representatives present for the required Community Meeting included Dr. Michael Berglass of Central Avenue Dental. Also in attendance from the firm Neighboring Concepts were Daniel McNamee and Eric Orozco.

SUMMARY OF THE ISSUES DISCUSSED AND CHANGES MADE TO THE PETITION AS A RESULT OF THE MEETING

For a record of the presentation and matters discussed with the community at the meeting, see the attached **Meeting Summary**. The petitioner presented and discussed the concepts of the proposed plan. The petitioner agreed with the residents gathering to incorporate additional conditions to address the concerns of the attendees in accommodating the expansion of the dental office. The petitioner will submit a revised petition that includes a condition requiring notification of the neighborhood associations with regard to administrative changes to the plan, a condition restricting the commercial use of the site to dental office use, and several conditions bearing on design.

MEETING SUMMARY

Introductions

Eric Orozco of Neighboring Concepts welcomed the attendees at the meeting and introduced the project team members. He then invited the community residents attending to make their introductions.

Overview of Petition # 2016-037

Eric Orozco begun the petitioner's presentation by describing the details of the dental office site plan amendment being requested. He explained that Dr. Berglass needed to expand his office with an 1,100 square foot rear addition to the present building. A former single family home, the expansion will also allow him to improve the layout of the existing space by renovation.

The expansion would add four parking spaces and place a new building at the rear connecting to the existing building with a short hallway. The expansion would remove a cedar tree and replace the existing garage at the back of the property. The new parking area would be accessed from the existing driveway to the garage. Therefore, with three existing parking spaces at the front, there are 7 parking spots total. Because of the UR-C zoning, Eric explained that only 7 parking spaces are allowed for the proposed total 2,925 sq. ft. of office space (UR-C caps parking at 1 space per 400 sq. ft. of nonresidential space).

Eric explained a site plan amendment to the former petition (#2008-157) was needed to be executed through the rezoning public process for a few reasons. The approved 2008 rezoning limits the dental office use to the existing building. As well, the expansion's size (1,100 sq. ft.) and its proposed location building nearer to the adjacent residence preclude an approval through an administrative site plan amendment.

The audience had several questions...

Q: Can you clarify the use of the open corner lot between Crystal Road and the existing office (3400 Central Avenue)?

A: It will remain the same; it is zoned R-22MF, allowing multifamily use.

Q: What is the purpose of creating such a large addition if only three patients can be seen at one time?

A: There are other needs within the practice to maintain patient care. Currently, there is an awkward work flow, including the fact that the staff room is in the garage. Dr. Berglass has no office to meet with one on one with patients. As well, the lab is in the middle of the office (a use that is noisy), and there are other conflict points between activities that need better separation.

Q: Will there be access to the parking lot from Crystal Road?

A: Not as proposed.

Q: Why aren't the sites being developed together as it was once being discussed?

A: We would prefer to maintain the value of the property for its designated multifamily use. A mixed use would be difficult to finance with the addition and would start limiting the future development options. Simply, the amount of space needed can be accommodated completely within the present office parcel. Also, the smaller building placed in the rear does not detract from what is there and protects the current neighborhood character.

Q: What is the distance from the addition to the neighbor's property?

A: A bit more than 20 feet. There is currently a 20 foot rear yard maintained with a board fence at the back. The rear yard is planted with evergreen plantings that serve as a buffer.

Community Input and Discussion

Eric Orozco explained that he had contacted Nancy Pierce of the Merry Oaks Neighborhood Association to help generate community input regarding the petition early in February. The Petitioner team has been working with the leaders of the Merry Oaks and Commonwealth Park neighborhood associations. A list of proposed changes were organized form the feedback received from residents and a list of conditions both neighborhoods would like to see incorporated has been drawn up (these were circulated at the meeting as part of the handouts distributed, provided in Appendix D).

Nancy Pierce led the discussion on the individual points of the requested conditions. The Petitioner team discussed these with the meeting attendees. The following are the individual changes that were discussed:

- 1. Restricting to Dental Office Use. To the "Permitted Uses", the neighborhoods would like to see the use of the site restricted to dental office use, as reflected in the 2008 rezoning, in order to prevent unwanted commercial uses from acquiring the site. Eric Orozco explained that the Petitioner team would be open to limiting the nonresidential use of the site, but would probably further add language that the property be able to revert to its former residential use in order to not greatly restrict Dr. Berglass's resale options.
- 2. Signage approved by the Merry Oaks and Commonwealth Park Neighborhoods. The associations would like to reinsert the requirements for signage as reflected on the 2008 and further require a condition stating the sign structure match the red brick material. A rendering of the sign should be indicated on the site plan. Furthermore, they request a condition that the design be approved by the Merry Oaks and Commonwealth Park Neighborhood Associations. The petitioner team agreed to prepare a rendering of the design for approval by the neighborhoods, which is to be inserted into the site plan.
- 3. **Amendments on Lighting Fixtures.** Additional wording is requested regarding the kind of fixtures allowed, which the petitioner team will incorporate.
- 4. **Amendments to the Rezoning Plan.** The condition from the 2008-157 rezoning requiring the property owner to notify both the Merry Oaks and Commonwealth Park Neighborhood Associations when submitting a request for administrative site plan amendments shall be reinserted into this petition.

Next Steps

Eric explained the Petitioner will prepare the changes agreed to above and continue working with the neighborhoods. He also went through the important dates ahead on the rezoning.

If approved, construction work on the dental office expansion is anticipated to begin within the end of the year.

Conclusion of Meeting

A few of the attendees expressed that the design fulfilled the character of the neighborhood and thanked the design team for their effort.

After the final comments were wrapped up, Eric Orozco closed out the meeting and thanked the attendees for participating.

Respectfully submitted, this 6th day of March, 2016.
