

COMMUNITY MEETING REPORT
Petitioner: Mecklenburg County Parks and Recreation
Rezoning Petition No. 2017-086

This Community Meeting Report is being filed with the office of the City Clerk and the Charlotte Mecklenburg Planning Commission pursuant to the provisions of the City of Charlotte Zoning Ordinance.

PERSONS AND ORGANIZATIONS CONTACTED WITH DATE AND EXPLANATION OF HOW CONTACTED:

A representative from LandDesign mailed a written notice of the date, time, and location of the Community Meeting to the individuals and organizations set out on Exhibit A attached hereto by depositing such notice in the U.S mail on May 16, 2017. A copy of this notice is attached hereto as Exhibit B.

DATE, TIME, AND LOCATION OF MEETING:

The Community Meeting was held Saturday, June 3 at 11:00 am at Eastway Park.
423 Eastway Drive
Charlotte, North Carolina 28215

PERSONS IN ATTENDANCE AT MEETING (see attached copy of sign- in sheet):

The Community Meeting was attended by the individuals identified on the sign-in sheets attached hereto as Exhibit C. The Mecklenburg County Parks and Recreation Department was represented at the Community Meeting by LandDesign staff (Beth Poovey, Dan Melvin, Jeffrey Mis and Cameron Fox), Neighboring Concepts staff (Darrel Williams, Lindsay Schmidt, Kimberly Mobley, Honorine Umekesha, Dan McNamee, Eric Orozco, Tisha Hyman, Gordon Douglas), and Mecklenburg County staff (Alicia Rocco, Jim Garges, James Williams, and Lee Jones).

SUMMARY OF PRESENTATION/ DISCUSSION:

Jim Garges, Mecklenburg County Park and Recreation Director, opened the meeting by welcoming all the attendees to the meeting/celebration and introduced the project team. He stressed the importance of public engagement and feedback on the planning and design process for Eastway Regional Recreation Center. Mr. Garges described the general program planned for the regional recreation center. He informed the attendees that the project has been funded and will proceed on schedule pending the approval of the project rezoning.

Alicia Rocco, Mecklenburg County Asset and Facility Management Project Manager stated that Mecklenburg County Park and Recreation proposed to rezone approximately 90 acres of Eastway Park, located at 423 Eastway Drive, from B-1, R- 17MF, and I-1 to Institutional (CD).

Beth Poovey with LandDesign, explained the rezoning process in general and stated that the purpose of the meeting was to discuss the rezoning request and the conditional site plan and respond to questions and concerns from nearby residents and property owners. Beth Poovey provided background information about the park site and its planned program as a regional recreation center. Ms. Poovey explained the public meeting exhibits and stations setup for the meeting (character analysis, site analysis, building programming and rezoning).

Specifically related to the rezoning, Ms. Poovey stated the following:

- Rezoning Petition #2017-086
- The +/-90 acre site is being rezoning from existing zoning of B-1, I-1, R-17MF – to a new zoning classification of INST (CD) – Institutional Conditional Zoning. A conditional rezoning indicates we are agreeing to specific site plan, access, and other guidelines related to the project, above and beyond the base Institutional zoning requirements.

- This zoning allows us the uses associated with a recreation center including uses allowed in the INST zoning district and up to 150,000sf of building area.
- Parking will be provided at a ratio of 1 space per every 300sf of building area (for example that would provide a minimum 450 parking spaces if the entire 150k building was constructed).
- A full movement access at Eastway is planned as the primary movement (presently right in and right out). We are working with NCDOT and CDOT on this access scenario.
- There are 3 existing stub streets from the adjacent neighborhood, to meet City connectivity requirements the rezoning proposes to extend Americana Avenue with a street, and provide pedestrian connections from Highlake Drive and Lakecrest Drive
- A vegetated buffer is required along the park edge adjacent to the residential properties.
- It is proposed that approximately 50% of the site will remain existing forest/vegetation, wetland areas, low impact recreation or buffers. This could change with the potential extension of General Industrial Drive and the Cross Charlotte Trail.
- The City plans to extend General Industrial Drive, and may ask that the right of way for this extension be dedicated as part of this process.
- The Cross Charlotte Trail south loop is also planned to be extended through the park, and the City and County are working together to determine where that would best be located.
- The nearest light rail station is Old Concord, and there has been a lot of discussion about the need for a pedestrian connection to the station into the park, but that is not funded.
- The rezoning schedule is determined by the City and we are anticipating a staff requested deferral. The earliest schedule would be July 17th for a public hearing and

September 18th for a Council Decision (these meetings occur at 5:30pm in the Government Center uptown). Please check the city website for any updates.

- All staff that were present to talk to attendees were pointed out and asked to raise their hands, then attendees were requested to visit the rezoning station, ask questions, and fill out comment cards specifically related to the rezoning. For attendee comments see [Exhibit D](#).

Respectfully submitted on the 8th of June, 2017.

Subject: Community Meeting – Rezoning Petition filed by Mecklenburg County Parks and Recreation to rezone approximately 89.22 acres located at Eastway Park to allow the development of Eastway Regional Recreation Center.

**Date and Time
Of Meeting:** Saturday, 06/03/2017 at 11am

Place of Meeting: Eastway Park
423 Eastway Drive
Charlotte, NC

Petitioner: Mecklenburg County Parks and Recreation

Petition Number: 2017-086

We are assisting Mecklenburg County Parks and Recreation in connection with a rezoning petition it has filed with the Charlotte Mecklenburg Planning Commission seeking to rezone an approximately 89.22 acre site located at Eastway Park in Charlotte, NC from B-1, RM-17 MF and I-1 to Institutional (CD). The purpose of this rezoning is to permit the development of a Regional Recreation Center. The Eastway Regional Recreation Center will be approximately 120,000 sf in size and it will include a variety of amenities that will serve the surrounding communities. For more information about the Regional Center, please visit eastwayrec.com.

In accordance with the requirements of the City of Charlotte Zoning Ordinance, the Petitioner will hold a Community Meeting prior to the Public Hearing on this Rezoning Petition for the purpose of discussing this rezoning proposal with nearby property owners and organizations. The Charlotte-Mecklenburg Planning Commission's records indicate that you are a representative of a registered neighborhood organization or an owner of property that adjoins, is located across the street from, or is near the site.

Accordingly, on behalf of the Petitioner, we give you notice that representatives of the Petitioner will hold a Community Meeting regarding this Rezoning Petition on Saturday, June 3rd, 11 am at Eastway Park in Charlotte, NC. The Petitioner's representatives look forward to sharing this rezoning proposal with you and to answering any questions you may have with respect to this Rezoning Petition.

In the meantime, should you have any questions or comments about this matter, please call Alicia Rocco at 980-314-2501.

CC: Alicia Rocco

Eastway Rezoning Responses

Response #1

1. What measures are being made regarding the traffic impact on the neighborhoods surrounding the recreational center?
2. Where are the new entrance/exit sides for the park?

Response #2

1. Concern on road for 2nd entrance... not to go through Park Plaza I – Americana street. Behind Americana is OK.
2. Bridge one tracks – near blue line station.
3. Do not see enough Latina or Asians and others in meeting for their opinion.
4. What is the buffer between the Park and the Park Plaza I? Will there be trees – or what type of border and how deep?
5. Will there be “no parking” signs put up in the streets near the walking entrances?

Response #3

1. I oppose the idea of making Americana an entrance way to the park. This will only congest the Park Plaza community.

Response #4

1. Mountain bike trails
2. Spinning classes
3. Nature trails
4. Fitness/nutrition classes
5. Fitness pools
6. Do not open vehicle access via Americana into the park
7. Walk/bike access to the park from the Park Plaza should be limited to Park Plaza residents
8. No park parking should be allowed in Park Plaza Area

Response #5

1. Tremendous idea to facilitate a facility on this side of town.
2. Ease to facility from Eastway and our roads.

Response #6

1. Vehicle and pedestrian access point at the Plaza to accommodate over 600+ family units at Citiside Condominiums, Residential and the Links Apartments. Access to this entry point will maximize community access and participation. This entry point will also benefit residents from nearby communities like Noda, Sharon Park, etc.

Response #7

1. Is money available now to start the project – or does it depend on future bond approvals?

Response #8

1. Making sure the buffer are in place, will not be a problem with more car within the home areas (in back of my line to City)
2. This will be great!
3. Lights not a problem in house window.

Response #9

1. Traffic – Eastway experiences heavy traffic. What will happen during rezoning or post-construction regarding eliminating a significant amount of traffic and avoid accidents?

Response #10

1. Please leave the “buffer of trees” to the Park Place One community neighborhood on every side so as to enjoy the quiet peaceful living. This is a multi-family condo area – so let’s keep this park as a neighborhood friendly city for residents who have put their tax dollars into Charlotte – Frankie Graeves

Response #11

1. Because the site is so immense and secluded, I worry or concerned about security. Will it be safe to bring around children or myself as a senior? Will the area be secured for safety?
2. Low cost programs and place for seniors.
3. Space for meeting a program for a very young teenager
4. Regulated sports with emphasis on teaching life skills (because neighbor is diverse and will encompass people from low to middle class background)

Response #12

1. Entrance open
2. Eastway Drive
3. I support this project.

Response #13

1. I definitely prefer a buffer zone of natural trees and vegetation between the back of the homes on Malibu and northern Americana; to have separation between personal homes and public areas.

Response #14

1. Excited to see more activities, such as a senior center with parking.
2. Don't forget to include Trinidad and Jamaica flag on your flyer.
3. A center for literacy program

Response #15

1. Pool for water aerobics
2. Exercise equipment

Response #16

1. Indoor competitor track. I think it will bring a lot of young men and boys.

Response #17

1. Walking trail
2. Line Dancing Instructors
3. Senior groups

Response #18

1. This park will need a second main entrance – off Orr Road will be a good one for people coming from University Area and North Tyron Street area. It's a friendly way to welcome people into the Queen City.

Response #19

1. Recreation should include psychological and emotional needs. The 7 dimensions of health go beyond physical well-being.
2. A labyrinth or Japanese rock garden for quiet time and zen/yoga would be beneficial.
3. Food, the center has an opportunity to meet food needs of 2 kinds: a. A nutritious meal for seniors, for example.
4. A farm to table type of food service, which is healthy and not expensive. Maybe some kind of partnership with a farming enterprise.

Response #20

1. Greatest concern is traffic
2. Streets are so short and small will be hazardous. Secondly safety.

Response #21

1. Need speed limit signs and maybe speed bumps to ensure safety
2. Cars drive too fast in the park.

Response #22

1. The building is best located away from the community next to it (Park Plaza 1). So site A or B is OK without 400 parking spaces leaving room for other sites to be used for other outdoor recreation.

Response #23

1. Very excited
2. My concerns is thru-way – connect Plaza Rock Drive – No traffic only red traffic – no traffic through Park Plaza
3. Security concern – need security cameras and the place needs to lit with more lighting bright
1. Put up plates to show where old sites are located inside the park!

Response #24

1. Adult senior center activities
2. Secure security with cameras all day and night to create jobs
3. Botanical Gardens – criteria of the community input.
4. Will there be a stop light install for in and out access.
5. Do not want access to Americana Avenue.

Response #25

1. Seem to be doing a great job
2. Maybe could have a left turn lane so we can get into park without having to do a “U” turn

Response #26

1. Please NO through streets – our neighborhood PPI is not designed to increase traffic.
2. Please do NOT remove the 75’ buffer that protects the neighborhood from noise.
3. Be careful not to remove many trees that will cause destruction to wild life.
4. Rec center should be closer to entrance at Eastway – not close to a neighborhood like Park Plaza One. Where I live this would cause traffic problems with people trying to park at dead end at Lakecrest Drive.
5. Please increase safety as there are many homeless here.
6. More police/security presence at all times.
7. Better maintenance – too much trash left at edge of sidewalk and into the area there. Aloma Kirby.

Response #27

1. Need to know more about the transportation to come to the new site.
2. For people who don’t drive in town, let it be known about this problem about getting here on a bus.
