STAFF
RECOMMENDATION

Staff recommends approval of this petition.

Plan Consistency

The petition is inconsistent with the industrial land use recommended for this site by the Southwest District Plan.

Rationale for Recommendation

- Institutional land uses are considered compatible in most areas, including industrial locations.
- The property to the east of this site is an institutional use, as it is the City of Charlotte's Police Department Defensive Driving Academy.
- Institutional uses will provide a good transitional land use across the street from residential development along Shopton Road.

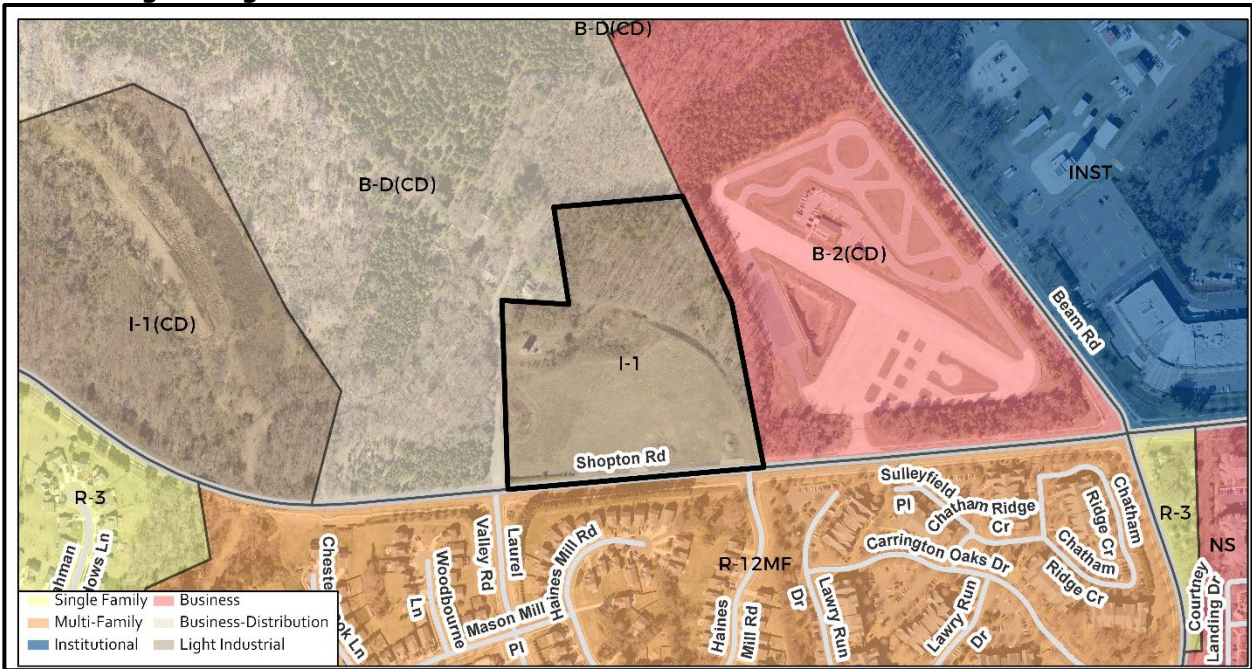

The approval of this petition will revise the adopted future land use as specified by the *Southwest District Plan*, from industrial to institutional for the site.
