ZONING COMMITTEE ACTION/STATEMENT OF CONSISTENCY

The Zoning Committee voted 7-0 to recommend APPROVAL of this petition and adopt the consistency statement as follows:

This petition is found to be consistent with *Steele Creek Area Plan*, based on the information from the staff analysis and the public hearing and because:

 The adopted plan as amended by rezoning petition 2014-042 recommends office/retail land uses.

Therefore we find this petition to be reasonable and in the public interest based on information from the staff analysis and the public hearing and because:

- The site plan provides for a retail use at a location previously approved for other retail development, in proximity to other commercial and institutional uses at the intersection of South Tryon Street and Moss Road.
- The plan provides for a building along the street edges with appropriate sidewalk circulation and landscaping, and parking located to the side/rear of the building.
- The project will provide for retail services in proximity to single family and multi-family residential neighborhoods.

Zoning Committee Recommendation

A commissioner asked if concerns with light pollution posed a problem. Staff responded that development standards include provisions for cut-off (shielding) of light sources onsite.

There was no further discussion of this petition.
