

Petition No: 2019-076

IMPACT UNDER CURRENT ZONING

Number of housing units allowed under current zoning: The approximately 2.39 acres zoned R-8 would allow approximately 19.12 dwelling units.

The subject property is undeveloped/vacant.

Number of students potentially generated under current zoning: 10 student(s) (6 elementary, 2 middle, 2 high)

IMPACT OF THE PROPOSED DEVELOPMENT

*Proposed Housing Units: The conditional **UR-2(CD)** district request seeks to allow 47 single family attached dwelling units.*

CMS Planning Area: 1, 2, 3

Average Student Yield per Unit: 0.0870

This development may add 4 student(s) to the schools in this area.

The following data is as of 20th Day of the 2018-19 school year.

RECOMMENDATION

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about a rezoning case where school utilization exceeds 100% since the proposed development may exacerbate the situation. Approval of this petition may increase overcrowding and/or reliance upon mobile classrooms at the school(s) listed above.

Applicants are encouraged to contact us in advance of their project submittals to inform CMS of their prospective impacts and discuss mitigation alternatives.
