Petition No: 2019-180

IMPACT UNDER CURRENT ZONING

*Number of housing units allowed under current zoning: The existing **R-3** zoning allows all uses permitted in the district, including single family detached. The approximately 5.2 acres zoned R-3 would allow approximately 15.6 dwelling units.*

The subject property is currently vacant.

Number of students potentially generated under current zoning: 9 student(s) (4 elementary, 2 middle, 3 high).

IMPACT OF THE PROPOSED DEVELOPMENT

Proposed Housing Units: The UR-2(CD) zoning seeks to allow up to 114 multi-family units.

CMS Planning Group: East

Average Student Yield per Unit: 0.2718

This development may add 31 student(s) to the schools in this area.

The following data is as of 20th Day of the 2019-20 school year.

The total estimated capital cost of providing the additional school capacity for this new development is \$706,000; calculated as follows:

Middle School: **6**x \$37,000 = \$222,000

High School: **11**x \$44,000 = \$484,000

RECOMMENDATION

Adequacy of existing school capacity in this area is a significant problem. We are particularly concerned about a rezoning case where school utilization exceeds 100% since the proposed development may exacerbate the situation. Approval of this petition may increase overcrowding and/or reliance upon mobile classrooms at the school(s) listed above.

Applicants are encouraged to contact us in advance of their project submittals to inform CMS of their prospective impacts and discuss mitigation alternatives.

In the East Planning Group, the projected student impact from approved rezonings from January 2017 to present is **1221** students.
